HIGH-SPEED COLOR DOCUMENT SYSTEMS

MX-6580N
MX-7580N
The MX-6580N/7580N encompass brilliant, consistent color quality with advanced workflow capabilities.

Inspired by the latest application and imaging technologies, these new models offer a rugged design and a user friendly experience, helping customers navigate document workflow with unmatched efficiency. Built for high-volume office environments, central reprographics departments and copy rooms, these new document systems are complemented by the robust paper handling and productive output capabilities once found only in commercial print facilities.

Sharp’s next generation Color Consistency System helps ensure brilliant color output, page-after-page and job-after-job for repeatable, high-quality results. Businesses can rest assured that producing professional-looking color documents in house can be easier and more economical than ever before.

Key Features

- **Ease of Use** – Sharp’s customizable touchscreen display offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guides.

- **Integration** – Equipped with the latest version of Sharp OSA® technology for easy integration with network applications and cloud services, these models can unlock advanced capabilities to help you better manage your workflow.

- **Advanced Color Workflow** – The latest MX-PE12 Fiery® Print Server is available for environments such as corporate offices, CRDs and in-plant printing facilities that require precision color control and job management.

The MX-6580N and MX-7580N high-speed color document systems offer customers simplified integration with flexible options enabling them to quickly execute the ever-changing workflow tasks of today’s busy high-volume office environments. And with Sharp’s industry-leading security features, you can have the confidence that your intellectual property is protected from the first day of operation to the time of trade-in.
A high-powered smart MFP that transforms office productivity and helps meet the demands of high volume office customers.

- Modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and booklet making.
- Scan Preview feature offers on-the-fly page editing with easy fingertip navigation.
- 150-sheet Duplex Single Pass Feeder (DSPF) scans documents at up to 200 images per minute.
- Triple air-feed paper handling option offers high reliability and is virtually maintenance-free.

HIGH RESOLUTION 10.1" (DIAGONALLY MEASURED) COLOR TOUCHSCREEN

MODULAR DESIGN OFFERS FLEXIBLE CONFIGURATIONS

PRODUCTIVITY PLUS QUALITY AND EFFICIENCY

INTEGRATION WITH NETWORK APPS AND CLOUD SERVICES

AVAILABLE FIERY® PRINT SERVER

- Offers 8,500-sheet maximum paper capacity and media support up to 110 lb. cover stock (300 gsm) with optional paper feed units.
- Standard high-performance print controller with included PCL®6 and Adobe® PostScript®3™.
- True 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics.
- Sharp’s Color Consistency System with next generation image process control delivers high quality color output and maintains optimum color balance and toner density page after page.
- Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online and Google Drive™ with Sharp’s Cloud Connect features.
- Standard Job Management features make it easy to print on-demand as well as view jobs, retain jobs, combine jobs, select print settings and more.
- Supports the Sharp OSA development platform, enabling businesses to easily integrate with network applications and cloud services.
- Compact PDF feature dramatically reduces the file size of scanned color documents, resulting in decreased network traffic and more efficient use of disk and cloud storage.
- Convenient End-of-Lease feature can erase all files on the hard disk drive, all user data, job status data and address book data at trade-in time.
From intuitive navigation to unsurpassed productivity, these new models are equipped for optimum results.

**Simple and Intuitive Operation**

The new MX-6580N/7580N high-speed color document systems feature the latest 10.1” (diagonally measured) high-resolution LCD with signature retractable keyboard for unmatched ease-of-use. From the most basic of copy functions, to the most complex scan jobs, the high-speed color document systems will perform them with ease and efficiency. Use one of these Easy Modes for fast, simple operation, with basic functions displayed in large, clearly-labeled tiles and keys. And for more advanced features, just touch the “Details” button – it’s that easy.

**A “Well-connected” Device**

Connecting a multifunction printer (MFP) to your wireless network and accessing it from mobile devices has never been so easy with the MX-6580N/7580N standard wireless networking features. Print from or scan to popular cloud services such as Microsoft OneDrive for Business, SharePoint Online, and Google Drive with Sharp’s Cloud Connect feature. Single Sign-on (SSO) support for accessing these services makes scan-to-folder and scan-to-email operations simpler than ever. Even printing from your desktop is made easier with Sharp’s Serverless Print Release function. Easily send a job to one device, and print it on another when and where it’s most convenient for you.

**Robust Paper Handling for Busy High-Volume Environments**

Sharp understands the importance of productivity, that’s why the new MX-6580N/7580N high-speed color document systems offer up to 8,500-sheet paper capacity and support media weights up to 110 lb. cover (300 gsm) with paper input options. Sharp’s exclusive paper feed option uses air-feed technology, which maximizes reliability and minimizes downtime. A feature typically found on production devices and printing presses, the triple air-feed system directs air flow with precision accuracy to ensure proper paper handling. A standard 150-sheet dual head document feeder can scan up to 200 images per minute.

**The MX-PE12 Fiery® Print Server – a powerful integrated solution for managing high-volume office environments.**

**Improve Your Document Production – Best-in-class Processing and Timesaving Workflow**

The optional MX-PE12 Fiery Print Server enables you to print large and/or complex Microsoft® Office® documents and color-critical PDFs accurately and quickly. Create booklets, sales guides, manuals, and much more with Fiery VUE, a free 3D visual print application.

- Print faster, smarter and seamlessly – turn in-house printing into a professional operation
- Achieve unparalleled image and color quality – ensure consistent reproduction of your brand
- Add value and impact – customize your output with variable data printing capabilities

Automate job submission, make last-minute image edits and use advanced queue management to assign print priorities with features included in the optional MX-PE12 Fiery Productivity Package.
The MX-6580N/7580N high-speed color document systems provide high performance, high functionality and high efficiency to exceed your business needs.

**innovative features**

- **High Quality Printing**
  1200 x 1200 dpi resolution produces razor-sharp documents. Adobe® PostScript® 3™ drivers offer extensive job control.

- **Post Sheet Inserter**
  Produce professional looking documents with pre-printed covers and chapter inserts with the available post sheet inserter.

- **Duplexing Single Pass Feeder (DSPF)**
  Standard 150-sheet dual head document feeder scans both sides of a document in a single pass.

- **Advanced Network Scanning**
  Sharp’s ImageSEND™ feature provides one-touch distribution to email, network folders, cloud applications and more.

- **Easy-to-Use Smart Touchscreen**
  Tablet-style menu provides quick access to features and functions.

- **Built-in Retractable Keyboard**
  Full-size QWERTY keyboard enables easy data entry.

- **Toner Hopper**
  Lets you change toner on-the-fly to help maximize productivity.

- **Superior Media Handling**
  Sharp’s 5,000-sheet large capacity paper tray option utilizes triple air-feed technology, which directs air flow with precision accuracy for proper paper handling and enhanced media support up to 300 gsm.

- **Optional MX-PE12 Fiery Server**
  Based on the latest Fiery FS200 Pro system software platform, the Fiery Server delivers performance-boosting features that shorten turnaround times.

- **Multi-Folding Unit**
  Provides a variety of folds, including Z-fold, C-fold, Accordion-fold, Double-fold and Half-fold.

- **Versatile GBC® SmartPunch Pro™**
  Professional punching system produces up to seven commonly used punch styles for creating professional bound booklets.

- **3,100-Sheet Standard Paper Capacity**
  Includes 2,000-sheet letter size tandem tray, two 500-sheet letter/legal/ledger size trays and a 100-sheet bypass tray.

- **Enhanced Security Features**
  256-bit data encryption with up to 10-times data overwrite, as well as Sharp’s convenient End-of-Lease feature.

- **Color Consistency System**
  Combines Micro-fine toner with Developer Auto Refresh Process Control. These processes help ensure color output is always at peak performance.

- **Convenient Job Management**
  1TB hard disk drive provides on-board document storage. An intuitive thumbnail view makes it easy to select, edit, reprint, repaginate and more.
Versatile document workflow solutions provide you with extensive benefits to help your bottom line.

**Simplify Managing Different File Types with Intelligent Image Processing**
Easily and quickly scan and convert documents to popular file formats including Microsoft Word, PowerPoint® and Excel®, as well as a variety of PDF formats such as Searchable PDF, Encrypted PDF, Compact PDF and others. You can also direct print these same file types from thumb drives, cloud applications and mobile devices. This function is enabled via DirectOffice™ technology. With this much flexibility, you can speed through your workflow tasks faster than ever!

**Distribute, Access and Print Your Documents with Ease**
Sharp makes it easy to send documents to the destinations you need, and goes beyond traditional network scanning with standard Email Connect and Cloud Connect features. With Email Connect, scan-to-email is seamlessly integrated with Microsoft Exchange and Gmail™. With Cloud Connect, you can easily scan to and print from Microsoft OneDrive for Business, SharePoint Online and Google Drive without additional middleware.

**Scan and Print Files Easily from Mobile Devices**
These high-speed color document systems also make it easy to scan and print files from tablets and smart phones using Sharpdesk® Mobile, a free downloadable app available for most common mobile devices. These high-speed color document systems also support popular mobile technologies such as AirPrint®, Android™ printing framework and Google Cloud Print™. You can print locally from your device or download files from supported cloud applications. Since the MX-6580N/7580N can connect to mobile devices through a point-to-point wireless connection, there is no interference with your corporate network.

**Flexible Printing Solutions Help Speed Up Your Office Productivity**
The MX-6580N/7580N come standard with Adobe PostScript 3 and PCL 6 printing systems to help you speed through all of your output needs with accuracy. To help streamline your jobs, these powerful performers include Serverless Print Release technology, enabling you to securely print a job and release it from up to six compatible models on your network. And with Google Cloud Print web printing service, you can print from Chromebook™ notebook computers, PCs and more from virtually anywhere.

**Simplify Complex Business Workflows**
Sharp OSA technology can help your business leverage the power of your network applications, back-end systems and cloud services. Easily automate complex processes and help eliminate redundant tasks. Create your own custom integrations or take advantage of the growing portfolio of Sharp OSA applications available from Sharp Partner Program members.

1. Go to www.sharpusa.com for a list of supported devices and operating systems.
2. Some features require optional equipment and/or software/services.
Manage your device, help safeguard your data, help protect your business.

Businesses require that the devices on their networks are properly managed and closely monitored to ensure their data remains uncompromised. To help achieve this, the MX-6580N/7580N offer powerful device management utilities, web-based customer training and advanced, multi-layered security features.

With the Sharp Remote Device Manager (SRDM)*, administrators can take control of system features and simplify installation and management. SRDM makes it easy to view service logs, click counts, history reports and more. Its event-driven service alerts help you monitor the device and maximize uptime. The Remote Front Panel feature allows administrators to view and control the machine’s LCD panel from a PC to troubleshoot issues and train operators remotely. Sharp also offers both built-in and additional auditing hardware and software to control, access and track usage of each device on the network. And with My Sharp™, you get a dedicated training website customized to your model and configuration to help you understand and utilize all of the advanced features of your Sharp product, including those for security.

To help protect employees’ privacy and intellectual property, the MX-6580N/7580N are armed with a variety of security measures, including features such as data encryption, data overwrite and data erase. Multiple security protocols help restrict access to the device while in operation, and a convenient End-of-Lease feature overwrites all data at time of trade-in. Authority Groups help manage and restrict specific copying, printing, scanning and fax features to safeguard data and control costs. The Admin Audit Log feature allows IT administrators to track activity on the device. Confidential Printing and Secure Fax Release help ensure that sensitive documents are kept safe by requiring users to enter a PIN code in order to print them. For advanced security, these models support Active Directory user authentication and secure single sign-on to network folders and emails. For an optimized workflow experience, ID card authentication can also be activated.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business meet regulatory requirements including the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA). *Available Summer 2017.

Environmental Commitment

An Environmentally Responsible Approach to Product Design
Sharp is committed to environmental sustainability and corporate responsibility including planning, design, manufacturing, distribution and product end-of-life management. Sharp adheres to Green Products Guidelines in pursuit of these commitments. These guidelines include designing products that consume less power, using recycled materials, reducing the amount of material used in products and packaging, and labeling the type of materials used. Sharp also aims to design products that are upgradable, easy to repair and easy to take apart for recycling.

The MX-6580N/7580N document systems are ENERGY STAR® qualified and RoHS compliant to restrict the use of hazardous substances. Sharp MFPs are EPEAT® registered.

Toner Recycling Program
As part of our commitment to helping preserve the environment, Sharp offers our customers zero-waste-to-landfill recycling for Sharp consumables, including cartridges, bottles, toner collection containers and drum units. Sharp encourages customers to recycle their used Sharp toner cartridges in bulk by providing a pre-paid recycling kit for their return to our facility.

Environmental Leadership
As a testament to our commitment to the environment, Sharp is a multi-year winner of the ENERGY STAR annual Excellence in Energy Proficiency Product Design. Sharp is also a multi-year winner of the SmartWay® Excellence Award which recognizes companies for conserving energy and lowering greenhouse gas emissions in logistics and transportation.

For more information about Sharp’s environmental leadership including information about energy efficient products, electronics or toner cartridge recycling, please visit www.sharpusa.com/environment.
