DESKTOP COLOR DOCUMENT SYSTEMS

simply smarter

BP-C131WD
BP-C131PW

Business printer: crafted with 50% recycled plastics

Compact and powerful printing.

The Sharp BP-C131WD multifunction printer and BP-C131PW single-function printer are built to accommodate today's diverse business needs. These document systems enable users to **share information seamlessly and securely saving time and money.** Using approximately 50% recycled plastic and an energy efficient design, these devices fit the requirements of the environmentally responsible user.

Easy-to-use Touchscreen

The 4" (diagonal) **color LCD customizable touchscreen** display delivers enhanced user experiences consistent with larger Sharp devices. Easy User Interface (UI) mode offers users quick access to frequently used settings and functions.

Versatile All-in-One Functionality

Packed with features in a small size, the BP-C131WD multifunction printer offers features including **mobile printing**, two-sided scanning and standard PostScript compatibility. Now any home or executive office user has access to professional grade functionality regardless of how much they print. IT departments can utilize Synappx Manage to remotely monitor device setting and supply levels, helping to ensure your printer is secure and ready to print.

Leading Security

In today's hybrid work environments, it is paramount to protect devices from security breaches. Sharp's built in **multi-layered security technology** helps protect users against network intrusions and other security risks with data encryption/data erase and TLS 1.3 support.

Device Management

Sharp Remote Device Manager* (SRDM) and Synappx Manage provide administrators **centralized control of networked printers** and multifunction printers which allow limited remote access during system setup, security setting, troubleshooting, usage and status monitoring.

*Some features of SRDM are not available.

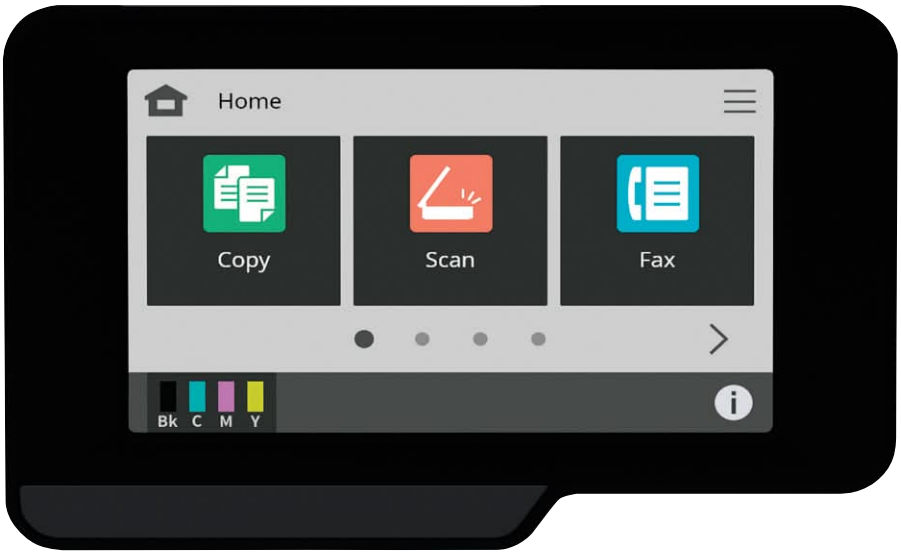
Optimized productivity and efficiency

Flexible and customizable user interface.

One-touch access

Intuitive user interface

Multi-layered security technology



4" (diagonally measured) touchscreen display.

- **Compact design** easily fits into small spaces for desktop or console configurations.
- Standard 4" (diagonal) customizable **color LCD touchscreen**.
- Standard **copy, print, scan and fax** capability (BP-C131WD only).
- **Scan two-sided originals** on the BP-C131WD at speeds of up to **60 images per minute**.
- **Protect your intellectual property** with security features like standard data encryption and boot verification. Whether it's in a document, on the device, or over the network, they'll help keep information safe.
- Supports **letter, legal size, envelopes** and small media paper through the standard paper drawer, bypass tray, or optional paper tray.
- Offers up to **three paper sources** with available 800-sheet maximum paper capacity.
- **50-sheet duplexing** single-pass feeder.
